OBJECTIVE

Hi, I hope that you are well. I enjoy making solution to the problems. I have studied business computer and I have learning about testing, software development, clean code , networks and management. I've made solutions using API Rest, MVC and development with layers. Therefore, I am looking for some position where I can work using either BackEnd or FrontEnd.

EXPERIENCE

WEB DEVELOPER

Decimo Technology Solutions. Costa Rica | Sep 2021 - Jan 2022

I was in Decimo like an intern. There, I improved my skills in CSS, HTML and JS, besides, I had to create a website with WordPress.

Developed responsive and user-friendly websites using HTML, CSS, and JavaScript to enhance user experience.

Some tasks

- Making plugins.
- Making hooks.
- Design responsive.

EDUCATION

BUSINESS COMPUTER

University of Costa Rica. Costa Rica | Mar 2018 - May 2023

I learnt about:

- Software development
- Networks
- Project management
- Business management
